## SUMMARY

*Driven computer engineer seeking an internship that fosters skill development and embraces a passion for technology. I am interested in hardware engineering and embedded engineering. I am looking for opportunities to learn new skills and grow as a person.*

## EDUCATION

University of Tennessee at Chattanooga  
Bachelor of Science Computer Engineering  
Minor Business Administration  
Minor Electrical Engineering

Chattanooga, TN  
Expected 2026

**GPA: 3.82**

- Computer Science Courses:
  - Fundamentals of Computer Science (Java)
  - Data Structures and Program Design (Java)
  - Software Design and Development (Python)
  - Introduction to Operating Systems (UNIX)
  - Algorithm Analysis and Advanced Data Structures (Java)
  - Computer Networks
- Mathematics up to and including Calculus III and Statistics
- Engineering Courses:
  - Digital Logic and Computer Hardware
  - Electrical Circuits I & II
  - Analog Electronics
  - Signals & Systems
  - Modern Control Systems
  - Assembly Language Programming
  - Embedded Systems
  - Computer Architecture

## SKILLS

- SolidWorks 3D Modeling
- Java Programming Language
- Computer Hardware
- Social and Communication Skills
- Python Programming Language
- PDQ Connect Patching Experience
- 1 Year Customer Service Experience
- Quick Learner

## WORK EXPERIENCE

IT Infrastructure Intern | Transcard LLC, Chattanooga, Tennessee | Feb 2024 – April 2024, Aug 2024 – Aug 2025

- Collaborated with team members to onboard new employees, configure equipment, implement patching software, and troubleshoot IT support tickets.
- Learned command line prompts, PowerShell, and network engineering basics.
- Used Microsoft Office to effectively communicate and collaborate with co-workers.
